Called to Order: 10:05 AM

Members Attending: Corinne Krebs, Mary Wolaver, John Wolaver, Vicki Skinner, and Pam Becker

Members Not Present: Lynne Hellman and Joseph Bergeron

Others Attending: Wally Graeber, Trustee Sharon Bower, Debbie McNichols, and June Trager

Corinne began the meeting by briefing all volunteers on the course of action. She pointed out each site to be visited on large maps provided by the Shoreline Committee. Then she gave out the Question of the Day for discussion during transit to each parcel. The committee carpooled to each site (Lakeshore Way #86-4-119-323-2046, Esch Road #86-4-119-323-2491, Anna & Porter #86-4-119-322-1270, Lucille Beach #86-4-119-294-3055, and Lucille Marina #86-4-119-293-4005), evaluating them for passive and active recreational uses, environmental protection, and educational opportunities. Members were asked to look at any potential use whether feasible, realistic, or idealistic.

Question of the Day: "How does an educated public benefit our community?"

When the Committee returned to the hall, Corinne summarized comments made concerning the question of the day...an educated public will demand better policies and decision making from community leaders, reducing negative impacts to future generations.

Meeting Minutes:

No meeting minutes were approved.

Old Business:

Corinne briefly discussed two items on the agenda. She requested that Pam and Joe make changes to the shoreline sign per Steering Council requests, and offered to put the sign together in a vector program for clearer printing. Pam volunteered to get better quality images to Corinne for printing.

Vicki passed out the latest version of data sheets and will report on them in more detail at the next meeting.

New Business:

Corinne volunteered to write a press release about the publicly owned property evaluations. Jamie requested that an article be written, and the committee felt it would also help parcel neighbors understand what the District is trying to do.

Finally, Corinne asked members to again talk to their committees about properly posting meeting agendas and minutes. She wants to see more activity and updated information on the website.
